

UMass CS Spring 2013 Wearable Electronics Workshop

Sat, Feb 2nd
1-5 pm @ CS #150

What? Design and make your own LED Badge! You will learn the basics about LEDs, soldering, and microcontroller programming. Use your imagination to design a novel LED pattern (heart, smiley, skull...) and make it blink!

When and where? Saturday Feb 2nd, 1-5 pm at CS #150

What to prepare? 1. Bring a laptop, and clothes/fabric/textile to modify.
2. Download the [software package here](#).

What to do now? Sign up for the event at <http://goo.gl/8oXw2>.
